TABLE OF CONTENTS TO VOLUME 2

Vol. 2 No. 1 1992

Editorial v

DANIEL W. BROMLEY / The Commons, Common Property, and Environmental Policy 1

WOLFGANG J. STRÖBELE / Ill-Behaviour of Transformation–Frontiers with Environmental Quality versus Pollution 19

NICK HANLEY / Are There Environmental Limits to Cost Benefit Analysis? 33

PETER MICHAELIS / Global Warming: Efficient Policies in the Case of Multiple Pollutants 61

ERNST LUTZ / Agricultural Trade Liberalization, Price Changes, and Environmental Effects 79

KALLE SEIP and JON STRAND / Willingness to Pay for Environmental Goods in Norway: A Contingent Valuation Study with Real Payment 91

Vol. 2 No. 2 1992

SPECIAL ISSUE

SELECTED PAPERS FROM THE EAERE CONFERENCE ON "ENVIRONMENTAL COOPERATION AND POLICY IN THE SINGLE EUROPEAN MARKET", 1990, VENICE, ITALY

Edited by

H. FOLMER and I. MUSU

HENK FOLMER and IGNAZIO MUSU / Transboundary Pollution Problems, Environmental Policy and International Cooperation: An Introduction 107

FREDERICK VAN DER PLOEG and AART J. DE ZEEUW / International Aspects of Pollution Control 117

MICHAEL HOEL / International Environment Conventions: The Case of Uniform Reductions of Emissions 141

VEIJO KAITALA, MATTI POHJOLA, and OLLI TAHVONEN / Transboundary Air Pollution and Soil Acidification: A Dynamic Analysis of an Acid Rain Game between Finland and the USSR 161

CARLO CARRARO and DOMENICO SINISCALCO / Environmental Innovation Policy and International Competition 183

KARI ALHO / Bilateral Transfers and Lending in International Environmental Cooperation 201

MICHAEL RAUSCHER / Economic Integration and the Environment: Effect on Members and Non-Members 221

Newsletter 237

Vol. 2 No. 3 1992

JON M. CONRAD and LARS J. OLSON / The Economics of a Stock Pollutant: Aldicarb on Long Island 245

C. COSTA DUARTE / Targeted versus Nontargeted Multispecies Fishing 259

LARS HULTKRANTZ / National Account of Timber and Forest Environmental Resources in Sweden 283

ROY BOYD and KERRY KRUTILLA / Controlling Acid Deposition: A General Equilibrium Assessment 307

W. PFAFFENBERGER and U. SCHEELE / Environmental Aspects of Water Price Formation. An Empirical Investigation of the Cost of Ground Water Protection 323

Vol. 2 No. 4 1992

EDWARD B. BARBIER / Rehabilitating Gum Arabic Systems in Sudan: Economic and Environmental Implications 341

ABDELMONEIM HASHIM ELNAGHEEB and DANIEL W. BROMLEY / Rainfed Mechanized Farming and Deforestation in Central Sudan 359

ARIEL DINAR, MARK B. CAMPBELL, and DAVID ZILBERMAN / Adoption of Improved Irrigation and Drainage Reduction Technologies under Limiting Environmental Conditions 373

BRUNO S. FREY / Pricing and Regulating Affect Environmental Ethics 399

Table of Contents to Volume 2 645

GUY GARROD and KEN WILLIS / The Amenity Value of Woodland in Great Britain: A Comparison of Economic Estimates 415

Review

Taking Nature into Account: Proposed Scheme of Resource and Environmental Accounting (EDWARD B. BARBIER) 435

Announcement and Call for Papers 439

Vol. 2 No. 5 1992

DAVID LETSON / Investment Decisions and Transferable Discharge Permits: An Empirical Study of Water Quality Management under Policy Uncertainty 441

ING-MARIE ANDRÉASSON-GREN / Profits from Violating Controls on the Use of a Polluting Input 459

EIRIK S. AMUNDSEN / Optimal Failure Rates and Penalty-Bonus Policies in the Offshore Petroleum Sector 469

DARWIN C. HALL / Social Cost of CO_2 Abatement from Energy Efficiency and Solar Power in the United States 491

J. M. HARTWICK / Deforestation and National Accounting 513

Short Communication

W. MICHAEL HANEMANN, PER-OLOV JOHANSSON, BENGT KRISTRÖM, and LEIF MATTSSON / Natural Resources Damages from Chernobyl 523

Newsletter 527

Vol. 2 No. 6 1992

Editorial. An appreciation of our referees iii

SUSSE GEORGE, INGE RØPKE, and ULRIK JØRGENSEN / Clean Technology – Innovation and Environmental Regulation 533

THOMAS D. CROCKER and JOHN TSCHIRHART / Ecosystems, Externalities, and Economies 551

GUNTER STEPHAN, RENGER VAN NIEUWKOOP, and THOMAS WIEDMER / Social Incidence and Economic Costs of Carbon Limits. A Computable General Equilibrium Analysis for Switzerland 569

A. D. RIKUN / On Modeling Incentive Systems which Utilize Pollution Charges for Pollution Abatement 593

PER-OLOV JOHANSSON / Altruism in Cost-Benefit Analysis 605

RENÉ KEMP, XANDER OLSTHOORN, FRANS OOSTERHUIS, and HARMEN VERBRUGGEN / Supply and Demand Factors of Cleaner Technologies: Some Empirical Evidence 615

Note

P. VAN BEEK, L. FORTUIN, and L. N. VAN WASSENHOVE / Operational Research and the Environment 635

Index 641
